

# Certificate in Special Needs Education

From identification to management and development, early intervention is crucial for the growth and development of children with special needs. By understanding their challenges and implementing strategic interventions, we can help maximise their potential and improve their chances of independent living. In this module, learners will be taught interventions that are designed to help children with special needs learn skills that help them achieve a higher level of personal self-sufficiency and success in school and their community.

## Entry Requirements

- A pass in 1 GCE 'O' Level subject conducted in English, or
